

Governance and President's Office Professionals

Award for Professional Achievement

As a means of recognizing current and past members who have made significant contributions to the realm of higher education or who have achieved professional success due, in part, to their experiences as a governance and/or president's office professional in higher education, the Governance and President's Office Professionals (GPOP) Board of Directors developed the Award for Professional Achievement.

The Award will be presented at the Governance and President's Office Professionals (GPOP) session(s) at the CICan 2016 Conference before conference attendees as a means of highlighting the success of colleagues or former colleagues and as a means of recognizing individuals who may have contributed to the leadership and advancement of GPOP.

Selection criteria include:

- Nominees must have held the position of governance and/or president's office professional for a higher education institution or organization.
- Preference will be given to nominees who have been members of and played an active role in GPOP.
- Nominees must have achieved a professional milestone or accomplishment that is viewed by the Board of Directors as significant and worthy of recognition. In addition, the nominee's achievement should be consistent with the mission of GPOP.

Letters of nomination should be sent to the Chair of the GPOP Awards and Recognition Committee:
